on the river Kali in the Karwar Taluk at Kadra and Kurnipet lying on either side of the river;

(*b*) whether it is a fact that the work was to be taken up immediately;

(*c*) whether it is a fact that the proposal has suddenly been dropped;

(*d*) if so, the reason therefore?

A.—Sri B. D. JATTI (Minister for Finance) [On behalf of Sri Veerendra Patil (Minister for Public Works)].—

(*a*) Yes.

(*b*) This question was under consideration.

(*c*) Yes.

(*d*) In view of the recent merger of Goa with the Indian Union, it is considered advantageous from several aspects to locate the bridge at site near Halge village or further down stream in preference to that at Kadra site.

Sri B. P. KADAM.—May I know whether the site for the new bridge has been finally located?

Sri B. D. JATTI.—Two sites have been suggested, one at Halge and another further down near Sadasivgad.

Sri B. P. KADAM.—Is it not a fact that there were a large number of representations from the public stating that if the bridge was located at Halge the entire territory east of it would be flooded during the rainy season?

Sri B. D. JATTI.—That is not the opinion of the technical experts.

Sri B. P. KADAM.—Is it not a fact that a large number of representations have been made to locate the bridge at Sadasivgad?

Sri B. D. JATTI.—The sites for the bridges and their construction depend upon technical opinion rather than on a large number of representations.

Sri B. P. KADAM.—Is it not a fact that even now the engineers have agreed that there are large floods and that the entire area in the eastern taluk will be subject to floods?

Sri B. D. JATTI.—That is not the opinion of Government based on the opinion of technical experts.
